

Tutorial Week 4

By Coulouris, Dollimore and Kindberg,

Question 1

- Show that $V_j[i] \leq V_i[i]$.

Question 2

- In a similar fashion to Question 2, show that $e \rightarrow e' \Rightarrow V(e) < V(e')$.

Question 3

- Using the result of Question 4, show that if events e and e' are concurrent then neither $V(e) \leq V(e')$ nor $V(e') \leq V(e)$.
- Hence show that if $V(e) < V(e')$ then $e \rightarrow e'$.
